

Cambridge Society for the Application of Research

VISIT to CARL ZEISS

We make it visible.

Wednesday 4th March 2015 9.45 – 13.00

509 Coldhams Lane, Cambridge CB1 3JS

About Carl Zeiss, Cambridge

Cambridge Scientific Instruments, which later became **Carl Zeiss** Microscopy Ltd., developed the world's first commercial scanning electron microscope in Cambridge in 1965 in partnership with the University of Cambridge.

Carl Zeiss business groups in Cambridge include Microscopy, Medical Technology, Camera Lenses and Sports Optics,

Their Cambridge facility has five application laboratories for electron and light microscopes and also demonstration and training facilities for surgical microscopes, medical diagnostic equipment, camera lenses, binoculars and scopes.

Carl Zeiss provides a modern working environment for all employees and a welcoming environment for customers.

Our visit – marking the 50th anniversary of that first commercial scanning electron microscope - will include an overview of each side of the business by the Managing Directors of both Carl Zeiss Ltd (Paul Adderley) and Carl Zeiss Microscopy (Bob Taylor), and a tour of the electron microscopes production factory and research & innovations department.

The Practicalities

Numbers: 30 max.

Duration: about 3 hours (including lunch). The tour will end with a light lunch at 12.10pm, during which there will be a Q&A/discussion session.

Car parking: (to be clarified)

Cost: £10 a head – to be paid in advance.

If you wish to come: RSVP by Wednesday 25th February (N.B. it's "first-come-first-served")

Email: John Grieve, CSAR Visits Coordinator at john.grieve@cambridgevetgroup.co.uk, or

Phone: 07802-183357 (leaving a clear message with your name and phone number if it goes to voicemail).

Your cheque (for £10) should be made payable to "CSAR" and posted or delivered to John Grieve at 18 Meadow Lane, Newmarket, Suffolk CB8 8FZ, marking the envelope "CSAR Zeiss visit".
